

We're delighted to share some exciting updates from around the club.

First, the resurfacing of Tennis Courts 3, 4, and 5 is scheduled for October. This work will ensure the courts are restored to a high standard, providing a better playing experience for all members. We appreciate your patience while we carry out these essential improvements.

We also want to provide an update on the development of the two new tennis courts. While there has been a delay in getting this project underway due to Bristol City Council stipulations and requirements, please be assured that it remains a top priority for the club. We understand the anticipation surrounding this expansion and are actively working to move things forward as quickly as possible. As soon as we have confirmed timelines and next steps, we will share them with you.

The recent introduction of dogs having access to the clubhouse has been well received. We do of course, acknowledge that dogs are not for everyone, and to ensure everyone can feel comfortable, the back bar and seating area is strictly a dog free zone.

The draft minutes from the 2025 AGM are also [attached](#) and will be presented for approval at the AGM later this year.

In the meantime, we invite you to make the most of our newly upgraded outdoor seating area. This refreshed space has been designed with members in mind—whether you're unwinding after a match, enjoying a drink, or simply catching up with fellow players, it's a great place to relax and soak up the atmosphere.
